Nordwind

JOB OPENING

Frontend Developer (Astro & TypeScript)

Build fast, accessible websites with Astro, TypeScript and Tailwind CSS with us – for clients from culture, crafts and small businesses.

Published October 12, 2026 · Last updated October 26, 2026

EMPLOYMENT **Full-time, 32–40 hours/week**	LOCATION **Berlin**
WORKPLACE **Hybrid**	START **as soon as possible**

At Nordwind we build websites that load in under a second and can be maintained without a manual. We are looking for someone to join our development team who takes clean HTML as seriously as good TypeScript.

What you will do

- Implement designs with **Astro**, TypeScript and Tailwind CSS – pixel-perfect and responsive.
- Connect content from Sanity and build components editors enjoy using.
- Take care of accessibility (WCAG 2.2 AA), performance and stable layouts.
- Bring your own ideas to code reviews and project planning.

What you bring

- At least two years of experience in frontend development
- Solid HTML, CSS and JavaScript; experience with TypeScript
- An interest in accessibility and web performance
- Good German, English for documentation

What we offer

- Flexible working hours and up to three days a week working from home
- An office on Pariser Platz overlooking the Brandenburg Gate
- €1,500 training budget per year and time for conferences
- 30 days of holiday and a team looking forward to meeting you

Find out who works with us on our team page.

Sounds like you?

Send us a few lines about yourself and links to projects you are proud of. No formal cover letter needed. We will get back to you within a week.
